

BeNeLux METABOLOMICS DAYS

22+23 September 2026

Hof van Liere, University of Antwerp, Belgium

CALL FOR ABSTRACTS OPEN!

Join the annual conference of the **Benelux Metabolomics Centre (BMC)** and connect with the metabolomics community from the Netherlands, Belgium and Luxembourg.

- ❖ Inspiring keynote lectures
- ❖ Oral & poster presentations
- ❖ Networking, collaboration & new opportunities

Are you a PhD candidate, postdoc or senior researcher in metabolomics? Share your science, expand your network, and be part of the conversation in Antwerp!

Submit your abstract by 30 April for a chance to present your work as an oral presentation.

CONFIRMED KEYNOTES

Emma Schymanski
University of Luxembourg

Kyo Bin Kang
Sookmyung Women's University

Erin Baker
University of North Carolina at Chapel Hill

Arthur David
French School of Public Health

Melanie Bailey
Imperial College London

**CALL FOR
ABSTRACTS
OPEN**

Topics

- ❖ Untargeted Metabolomics: Methods, Workflows, Data Interpretation & Metabolite Annotation
- ❖ Targeted & Quantitative Metabolomics
- ❖ Lipidomics
- ❖ Fluxomics & Stable-Isotope Tracing
- ❖ Single-Cell & Spatial Metabolomics
- ❖ Multi-Omics & Systems Biology Integration
- ❖ Computational Metabolomics & AI
- ❖ Clinical & Translational Metabolomics
- ❖ Exposomics & Environmental Health
- ❖ Natural Products, Ecological Metabolomics & Plant Metabolomics
- ❖ Food & Nutrition and microbial applications
- ❖ Standardisation & Open Science
